SUMMARY

BCA student (2026) with hands-on experience in data analytics, frontend development, and cloud fundamentals. Completed internships in Data Analytics and React development with practical exposure to Python, SQL, Power BI, and React. Interested in technical problem-solving, scalable solutions, and entry-level engineering roles.

EDUCATION

Bachelor of Computer Applications (BCA) – MLA Academy of Higher Learning, Bengaluru
Affiliated to Bengaluru City University | Expected Graduation: 2026
Relevant Coursework: Data Analytics, Web Development, Python, DBMS

TECHNICAL SKILLS

Programming: Python, JavaScript | Web: HTML, CSS, React
Data & Analytics: SQL (MySQL), Power BI, Excel
Cloud & Tools: AWS Cloud Fundamentals, Linux, Git, GitHub

INTERNSHIP EXPERIENCE

Data Analytics Intern – Rooman Technologies, Bengaluru

- Performed data cleaning, analysis, and visualization using Python, SQL, and Power BI
- Built interactive dashboards and reports for real-world datasets

Frontend Developer Intern – Upzenix

- Selected among 6000+ candidates for React Frontend Development internship
- Developed responsive UI components using React, HTML, CSS, and JavaScript
- Contributed to frontend features of an e-commerce web application

PROJECTS

Indian Government Schemes Analysis – Analyzed scheme data using Python, SQL, and Power BI to identify trends and insights
Credit Risk Scoring Platform – Built a credit risk classification model using Python and SQL to assess borrower risk
Microfinance Credit Risk Assessment – Developed Power BI dashboards to predict loan defaults using financial indicators
Capstone Project – E-Commerce Website – Designed and developed a responsive React-based e-commerce application with user and product modules

CERTIFICATIONS

- Digital Marketing
 - AWS Cloud Computing Fundamentals
-

SOFT SKILLS

Communication | Teamwork | Time Management | Problem Solving
